Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the growth of industry in India, partnering industry and government alike through advisory and consultative processes.

CII is a non-government, not-for-profit, industry led and industry managed organisation, playing a proactive role in India's development process. Founded over 113 years ago, it is India's premier business association, with a direct membership of over 7500 organisations from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 83,000 companies from around 380 national and regional sectoral associations.

CII catalyses change by working closely with government on policy issues, enhancing efficiency, competitiveness and expanding business opportunities for industry through a range of specialised services and global linkages. It also provides a platform for sectoral consensus building and networking. Major emphasis is laid on projecting a positive image of business, assisting industry to identify and execute corporate citizenship programmes. Partnerships with over 120 NGOs across the country carry forward our initiatives in integrated and inclusive development, which include health, education, livelihood, diversity management, skill development and water, to name a few.

Complementing this vision, CII's theme "India@75: The Emerging Agenda", reflects its aspirational role to facilitate the acceleration in India's transformation into an economically vital, technologically innovative, socially and ethically vibrant global leader by year 2022.

With 64 offices in India, 9 overseas in Australia, Austria, China, France, Germany, Japan, Singapore, UK, USA and institutional partnerships with 211 counterpart organisations in 87 countries, CII serves as a reference point for Indian industry and the international business community.

Malaysian Industrial Development Authority

The Malaysian Industrial Development Authority (MIDA) is the Government of Malaysia's principal agency for the promotion of manufacturing and services sectors in Malaysia. MIDA assists companies which intend to invest in the manufacturing and its related services sectors, as well as facilitates the implementation of their projects. The wide range of services provided by MIDA includes providing information on the opportunities for investments, as well as facilitating companies which are looking for joint venture partners. MIDA also evaluates applications for projects in the manufacturing and its related services sectors. It also assists companies interested in venturing abroad for business opportunities.

To further enhance MIDA's role in assisting investors, senior representatives from key government agencies are stationed at MIDA's Headquarters in Kuala Lumpur to advise investors on government policies and procedures. MIDA also has overseas offices including one in Mumbai (India) as well as offices in various States Malaysia.

Please visit www.mida.gov.my for more detailed information on MIDA.

Consortium of Indian Industries in Malaysia (CIIM)

Consortium of Indian Industries in Malaysia (CIIM) was set up to be the corporate face of India in Malaysia. A need was felt by Indian companies operating in Malaysia to have a common platform to share information and opportunities, address issues, brainstorm, network and establish linkages with various stakeholders in the government and business in Malaysia. The Confederation of Indian Industry (CII), an apex body representing Indian business, then initiated this process, and CIIM was formally launched in Kuala Lumpur by then Commerce and Industry Minister of India in December 2005.

CIIM is a registered national level body comprising member companies originating from India and operating in Malaysia. Members of CIIM are corporate entities representing various segments of the Indian industry including pharmaceuticals, automotive, manufacturing, ICT, banking, railways, airlines, trading, etc.

The High Commissioner of India to Malaysia is the Patron of CIIM.

Please visit www.ciim.org.my for more detailed information on CIIM.

Doing Business in Malaysia: Handbook for Indian Business is a practical guide for Indian enterprises keen to look at opportunities in Malaysia. It highlights expanding trade and investment potential for India in Malaysia, and outlines key aspects of the climate for doing business.

The Handbook is an initiative of the High Commission of India, Kuala Lumpur, in partnership with the Confederation of Indian Industry, India, and with the support of Malaysian Industrial Development Authority and the Consortium of Indian Industries in Malaysia.
